The Frazzled Female Ministry is a
ministry reaching out to all females
who long for more peace and sanity in
daily living. Women all share the same
goal: seeking a life that's less stressful
and more fulfilling every day, not just
occasionally. Cindi enjoys sharing
with women from all walks of life how
to begin and then continue to live a
victorious life—one that is not free
from stress but one that is lived with
the confidence, power and peace that
an intimate relationship with Jesus
Christ offers!

One thing's for sure: living life on the
twenty-first century fast track is not
easy. But, ladies, there's hope. And
hope's name is Jesus Christ!!!

Sister, dare to imagine that a frazzled
life can also be a joyful and saner one
than you've ever imagined.

Join us for a fabulous
time of worship, a light
breakfast snack, and a
empowering message
from Cindi. She is a
formerly frazzled female
who now teaches the
secret to living
victoriously under the
pressure.
